Welcome, Jamie!

New in Inclusive Services

The Public Library Development Team is proud to announce the **inaugural Inclusive Services Institute**.

The Inclusive Services Institutes is a professional development and workgroup opportunity for Wisconsin public library and regional system staff who are committed to making Wisconsin libraries more inclusive to all community members and potential library users. The Institute will offer reflective learning experiences on topics of equity and social justice. Participants will work on small teams to develop tools for a new statewide resource. The [Inclusive Services Statement](#) from the Division of Libraries and Technology will provide the foundation for the Institute content and workgroup efforts.
