

## 1. PLSR Update

The PLSR Steering Committee members have begun reviewing feedback from the library community regarding the committee's draft recommendation report. A link to the draft recommendation report and the aggregated feedback can be found in the linked post.

The committee will meet at least one more time to complete their report. The committee will then submit the final report to the Department of Public Instruction. The submission of the report will complete the committee's work.

The Steering Committee would like to thank everyone who completed the recent survey or has recently shared their thoughts with the Steering Committee.
