

Mad Preschool Scientists

Storytimes with STEAM
@ the Rib Lake Public Library

Why Science?

The
important
thing is to
NOT STOP
QUESTIONING.

~Albert Einstein

Resources

IDEAS:

<https://www.bayviews.org/storytime-category/science/>

ACTIVITIES:

<https://littlebinsforlittlehands.com/science-experiments-and-activities/>

<https://tippytoecrafts.blogspot.com/2011/09/dinosaur-fossils.html>

In Practice

- Find idea source (Bayviews.org, etc.)
- Search “_____ activities for preschoolers”
- Consider ages, my abilities
- Ask for help (requesting books, prep work)
- Buy local supplies when possible
- Request about 10 books (view, choose, extras)
- Plan for extra, use as drop in activity
- Budget (aim for \$1/kid) Ask for occasional donation if project is over budget

Tools - How Did it Turn Out?

“Can I stay?”

Dinosaur Fossils - How did it turn out?

Playing

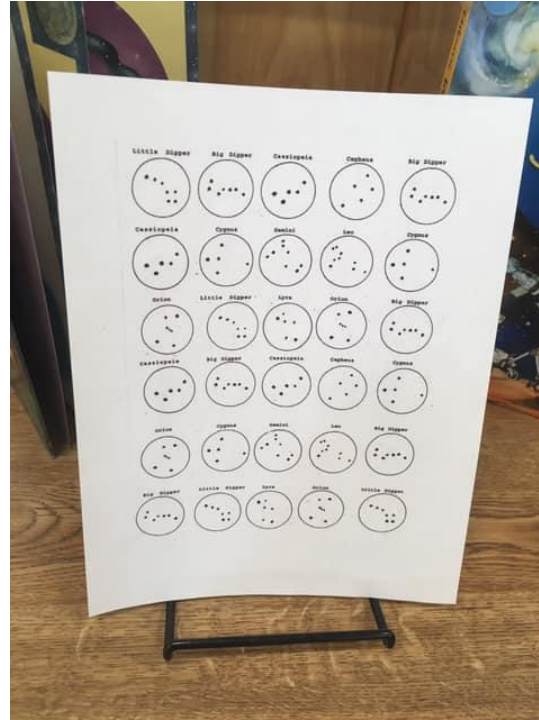

Building - How did it turn out?

“Look what I made!”

Constellations - How did it turn out?

Engaging

Bodies - How did it turn out?

Lots of help from adults.
