WVLS will send an email on Monday, Wednesday and Friday around 9 a.m., featuring new developments for our member libraries related to COVID-19.

1) **More on Order #28**
Order #28 implements some new safety measures and allows certain activities to begin ramping up service and operations. The following sections of Order #28 ([Read more here](#)) pertain to public libraries. No public libraries should engage in any curbside activities until 8:00 a.m. on Friday, April 24, 2020. That said, library workers may begin preparing for the provision of that service, as long as they comply with the social distancing requirements outlined in Order #28. For the time being, keep book drops closed, book lockers unused, and do not exchange materials with other libraries. We will address these important issues as answers become available.

WVLS will share recommendations with you, as DPI shares information with us. We ask for your patience and understanding as we navigate this quick change in an unprecedented time. Watch for more information this week.

2) **Staying Together: COVID-19 Discussion Tomorrow**
The next Staying Together Discussion is scheduled for Tuesday, April 21 at 1 p.m. The topic will be updates on providing curb-side services.
