

1) V-Cat Aspen Implementations

WVLS V-cat libraries are rolling out a new, user-friendly catalog designed to make it easier to find and borrow materials. With this new implementation, each library will have its own custom-tailored site to highlight new materials and special collections.

Many of the features that library users requested in the 2020 user survey are now available, including: enhanced series searching, predictive search suggestions, recommendations for other titles to enjoy, and the ability to browse recently added materials.

WVLS is excited to share that the following libraries have live Aspen Discovery sites:

- Gilman
- Granton
- Greenwood
- Loyal
- Medford
- <u>Tomahawk</u>

WVLS will provide updates in Monday Mentions when additional libraries' Aspen Discovery sites go live this spring.

*Let's Talk About Race At Work 10 a.m.; Tuesday, February 15 Register here.

Workplace conversations on race can be challenging. Even with the best intentions and sincere willingness to listen and understand, talking about racism can be uncomfortable. Rather than avoiding the necessary discussions and exchanges, we can learn how to productively talk about race. We can have conversations about race, racism and racial equity. We can create brave, bold and safe spaces to ask questions, share experiences, make commitments, co-create solutions, hold ourselves accountable and create authentic, measurable and lasting impact. This webinar is part of the 2022 LSTA-funded project, *Wisconsin Libraries Talk About Race*.
